IV INTERNATIONAL MAXIBASKETBALL TOURNAMENT PUERTO RICO 2023 LILACA FOUNDATION, INC

Puerto Rico, officially the **Commonwealth of Puerto Rico**, is one of the unincorporated territories of the United States and one of two unincorporated territories of the United States that is called the Commonwealth with self-governing status. It is located in the Americas, northeast of the Caribbean, east of the island of Hispaniola and west of the United States Virgin Islands. The archipelago of Puerto Rico includes **the main island of Puerto Rico** (8896 km²) — the smallest of the Greater Antilles — and a number of smaller cays and islands; of which the largest are Vieques (135 km²), Mona (55 km²) and Culebra (30 km²).

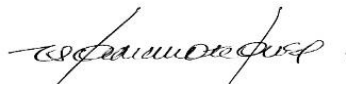

Puerto Ricans have been U.S. citizens since 1917, when the U.S. Congress passed the Jones Act.⁹ Although its relationship with the United States is similar to that of a state of the Union¹⁰ and it was allowed to draft a Constitution for the management of internal affairs, it is subject to the full powers of the U.S. Congress through the Territorial Clause.¹¹ This means that the power to exercise its sovereignty rests with the United States Congress, and the powers existing on the island, not enjoying protection in the U.S. Constitution, are revocable. Puerto Ricans may not vote in U.S. presidential elections unless they have official residence in one of the fifty states or the District of Columbia. If so, they can move to their place of residence and vote in person or use the remote voting procedure (*ballot absentee*).¹²

The island has an average temperature of 28 °C (82.4 °F) throughout the year, with an average minimum temperature of 19 °C (66.9 °F) and a maximum of 30 °C (85.4 °F). Seasonal daily temperature changes are quite small in lowlands and coastal areas. The temperature in the south is usually a few degrees higher than in the north and temperatures in the central mountains of the interior are always cooler than those in the rest of the island.

Sincerely;

Carlos Kiko Morlás Sión
President of LILACA

Ing. William Pratt R.
Vice President of LILACA

“BETTER, TOGETHER”
